Celebrate Silver
Wedding Anniv'ryREV. AND MRS. JUHL HONOR-
ED BY CONGREGATION

On the twenty-fifth anniversary of their wedding day last Friday, Rev. and Mrs. Hans Juhl were honored at a royal celebration arranged by the congregation of the Danish-Lutheran church.

Two former pastors of the church were present, Rev. Peter Kjolhede and Rev. A. C. Kildegaard and the latter officiated at the communion service that was held in the afternoon, when the bride and groom repeated their marriage vows. Mrs. Chris Jensen, who played at the wedding of the Juhls in Ludington, presided at the organ and Miss Dora Sorenson who sang, also took part in the singing again.

At 6:30 o'clock a banquet of beautiful appointments took place at Danebod hall, where members of the congregation gathered for a feast in honor of their beloved pastor and wife. In the dining room overhead was a canopy of blue and silver and four tables were set, these latter beautiful with streamers of blue and with silver doilies and vases of cut flowers. The bridal table was decorated the same except that a beautifully decorated three-tier wedding cake held a prominent place. Rev. and Mrs. Juhl and other members of their family and the visiting ministers were seated at this table. When all were seated, Chris Johnson, president of the church board, bid all welcome and paid lovely tribute to Rev. and Mrs. Juhl.

Following the banquet the crowd gathered in the auditorium and this room was also decorated with baskets and bowls of pussywillows and flowers. Opening the program there was group singing, and following Mr. Johnson in a few well chosen words presented the guests of honor with an engraved silver plate and a purse of silver. During this time Rev. and Mrs. Kjolhede, Rev. Kildegaard and Rev. Erick Bach, the latter from Ludington, each gave speeches, and songs that had been composed by Miss Ingeborg Hanson and Mrs. Kjolhede in the Danish tongue were sung. Also during the program there was singing by both the English and Danish choirs.

Anna Bertelsen and Hans Juhl were born in Denmark and their marriage was solemnized in Ludington. They came to Grayling in 1931, from Saskatchewan, Can., Rev. Juhl taking over the pastorate of the church succeeding Rev. Kjolhede. Both Rev. and Mrs. Juhl are ardent church workers and put every effort forth in the interest of Christianity. They are loved by the congregation and outside of the Danish people they also have made hosts of warm friends in this community since coming here.

Among those from out of town present at the festivities were Rev. and Mrs. Kjolhede, their grandson and granddaughter Her-

Young Man Dies
Of Pneumonia

The sudden death of Earl Wilfred Annis after only a week's illness, came as a great shock to his family and many friends and acquaintances.

Apparently well, he had been working in the sugar bush until Monday night when he was taken sick. Wednesday evening he was brot out to Mercy Hospital seriously ill with pneumonia. There everything humanly possible was done to pull him through, but in spite of all efforts, in his behalf, he failed rapidly until Monday night when the dread disease claimed its final toll and he passed quietly away. Nine years ago on April 4th his brother Alva Annis died of pneumonia.

A lifelong resident of Crawford county, he was well known and liked by everyone. Born August 2nd, 1906 to Mr. and Mrs. George R. Annis, the second youngest of five sons, he attended school in Beaver Creek. When through school, he remained home to help run the farm, and had been there ever since.

Early last fall he became engaged to Miss Lucille Cady and plans were being made for their wedding which was to have been in June.

He is survived by his parents, and three brothers Homer, and Forrest, of Beaver Creek, and Howard, of Traverse City. Howard Annis and family arrived here Thursday, called by his serious illness.

A member of the Grayling Odd-fellow Lodge, they will conduct his funeral which is being held at the Michelson Memorial church at 2 o'clock this afternoon. Interment will be in Elmwood cemetery. The Annis family have the sympathy of many friends in their sad bereavement.

PICK MAY 3-4-5 FOR TROUT FETE

Members of the West Branch Chamber of Commerce met last week to select May 3-4-5 for the Trout Festival. An enthusiastic group from both West Branch and Bay City attended a pep meeting that left every earmark and indication that this year's show will be a huge one.

It was hoped the opening trout season dates might be set ahead to the first week-end in May, but in that such a move was impossible, the West Branch aggregation choose to select the week-end in the hopes the crowd will be sizeably increased.

"Not Worth the Candle"

The phrase, "not worth the candle" comes from an old English proverb, "The game is not worth the candle"—that is, sitting up late at night to finish a game is not worth the price of the light, in a day when candles were dear.

Circuit Court Was
Brief Session

Judge Guy E. Smith held the regular April term of Circuit court Tuesday afternoon and it lasted but a couple of hours. There were no criminal cases on the calendar and no jury cases.

The Grayling Box Co.'s case against Carl E. Warnick for assumption was won by the plaintiff. This is a case in which the Box Co. supplied lumber and other building materials for the construction of a river cabin, amounting to about \$1,000. For payment Mr. Warnick gave ten notes of \$100 each, together with interest, payable over a period of ten months. The account began in 1932 and, according to the testimony, none of the account has been paid. The Box Co. was awarded judgment in the amount of \$1,154.58.

The cases of the Bay Trust Co. vs. E. L. Sparkes, and Sparkes and Bates and Blanche and E. L. Houghton and Bates were continued to the July term.

The case of Walter Thomas vs. Dolph SanCartier, appeal from justice court, and the matter of the estate of Beverly Jean Young, a dependent child, appeal from probate court, both were continued to the October term of court when they will be heard by juries.

Alvin M. Henderson vs. Harry A. Shook, bill of dissolution and appointment of receiver was continued to the July term. Also the Richard Thompson vs. Bernice Thompson divorce case was continued to the next term.

A Deserved Promotion

Legion
Jottings

The Bugle and Drum Corps went to the State Military grounds Sunday afternoon for drilling and practice but the weather conditions were not the best. A very brisk, bitter cold wind interfered with the drilling.

The Corps will in the near future present a three act comedy drama entitled "The Poor Married Man," and is it funny! After more than four years of depression which has hit the country, you won't want to miss taking in this laughing comedy, and will you laugh? We know you will.

Well now we are able to give out more information about the Homecoming. Dates have been set for July 14 to July 21 inclusive, so the committee is more than busy now with the plans. This is going to be one if not the largest event that has ever taken place in this city. Get behind the American Legion and help make this a real celebration.

More "Buddies" talking of coming into the American Legion, but say comrade, don't stand outside and talk, get into the Legion and get behind the colors. We need every one of you to put across our program for the summer.

The Bugle and Drum corps wish to announce at this time they will give a grand ball at Johnson's Rustic Tavern Resort, located on Houghton lake, Prudenville, on Sunday, May 5th. Undoubtedly this will be the largest and best dance party in northern Michigan this summer. Everyone knows this well known resort and we are sure to have a packed dance floor on the above date. Everyone set aside this date and make your plans for this party.

The Bugle and Drum Corps had a real drill at the school gym Monday evening, having Comrade Erkes as drill master. The boys sure found out they need polishing up.

Comrade Clarence Johnson was called to Lansing Tuesday on business.

Our Bugle and Drum Corps went to Roscommon Tuesday evening and staged a parade on the streets of that city. The Legion of Grayling was invited down for a party given by the Roscommon Post, and what a gathering! Several speeches were presented and many old songs were rendered by both Posts. We are very grateful to the neighboring post for the invitation and from the praise our Bugle and Drum Corps received, it seemed to be a treat to the Roscommon people as a whole. We hope we will have more of these good parties and that Roscommon will come to our city and receive the hearty welcome we received.

Recreational Notes

Last Thursday evening the Businessmen won over the Chiefs, to gain a place in the play-offs. The game was very close, until the 9th inning. In this inning the Businessmen scored seven runs. Ted Wheeler of the Businessmen batted out a home run in the 8th inning to break a 4-4 tie. Wheeler and Brown were the battery for the Businessmen. Broadbent pitched and Case received for the Chiefs. The final score was 12-4.

Tuesday evening of this week the play-offs started, with a very thrilling game. The Businessmen kept up their winning streak by scoring a 7-6 victory over the Wildcats. Both pitchers were batted hard throughout the game. The score was tied at 5 all at the start of the eighth inning. The Businessmen scored two runs to break the deadlock. The Wildcats had the tying run on third in the ninth inning but could not score him.

The Wildcats say they will be back fighting Thursday evening. The play-offs are the best two out of three games, so they still have a good chance.

These play-off games will finish up the indoor schedule, then we expect to re-organize for outside playing. There are now four teams in the league which expect to play this summer. Anyone wishing to organize a team may do so. We would like to have six teams entered in the city league.

See Russell Robertson or Elmer Fenton for information.

Invitation To Grayling

It is a shame that the citizens of Grayling don't visit Camp AuSable. Perhaps they would see what an orderly group of boys we are. One might say they see us at our worst. Of course that is not as it should be; we realize that we should be at our best when we visit Grayling. Maybe it can be explained at least partially, in this way:

When a group of enrollees from Co. 681 come to town, they usually have in mind one general idea. That is some sort of recreation, which, if it is looked at in the right way is merely relaxation. These boys have been in camp

sometimes for two or three weeks at a time. They have to follow a certain routine which at times is quite discouraging. Of course the work is not hard, but it is quite monotonous.

That is probably the reason for a few complaints from the citizens of Grayling concerning the conduct of the personnel of our camp in town. The fellows have to let loose once in a while just to see if they are still alive. Personally, I don't believe that we have committed any serious crimes in town although some of the boys do go a bit too far with their fun sometimes.

Week At Lansing

(By FRANK D. BROWN,
Special Correspondent)

The republican party is in ascendancy. Successes at the polls the past week are regarded by administration leaders and admitted by some democrats as repudiation of the "new deal" in Michigan affairs and approval of Gov. Fitzgerald's economy program. The election result is expected to have a spurring effect on the action of the legislature, contributing to a final adjournment somewhere around the second week in May.

Although all republican candidates for state offices were successful, the party suffered one reversal in the election of a democrat to the vacant House seat from the first legislative district of St. Clair county. Mervin W. Tomlin's election to succeed Rep. Duncan McCall, resigned, places the lower house on an evenly divided basis with 50 republicans and 50 democrats. Actually, however, the democrats have voting control by a majority of one due to the inability of Rep. William Ward (R) of Thompsonville to yet take his seat on account of illness.

The long delayed building of a tuberculosis sanatorium in the northern part of the state is now practically assured with the project having been given the approval of the governor and the members of the state sanatorium commission. Senator Otto W. Bishop

of Alpena has introduced a bill to appropriate \$250,000 for the purpose. This sum of money was appropriated by the 1933 legislature to be derived from the now extinct tax on malt and wort but was never spent, the money later having been placed in the state's general fund.

The proposed sanatorium will likely be built at Gaylord where a site is already under option and where medical authorities claim is the most desirable spot in the state considering climatic conditions conducive to the successful treatment of the disease.

The Thatcher \$25,000,000 school aid bill continues to play an important part in the legislative high spots of the week. The senate committee still has charge of it and there is every indication that the allowance to the schools will be pared down by five million, the sum insisted on by the chief executive. Rep. Thomas Thatcher, author of the bill, has consented to the reduction as a result of the outcome of Monday's election. He takes the position that the defeat of Dr. Paul F. Yuelker, superintendent of public instruction who made the \$25,000,000 figure a campaign issue, is a clear-cut mandate from the people that that amount of money is not wanted.

Defeat late Thursday of the integrated bar bill and the passage of the bill to exempt certain foodstuffs from the sales tax constitute the most important operations of the House during the past few days.

The integrated bar bill which bore the endorsement of the Michigan Bar association was rejected by the narrow margin of two votes. The measure would have

DR. LAUGHBAUM EXPLAINS
WORK BY CHILDREN'S
FUND

There was a good attendance at the Kiwanis meeting Wednesday noon at which time Dr. Laughbaum, director of this four-county unit of the Children's fund of Michigan, was the speaker. Dr. Laughbaum came here recently from Marquette, replacing Dr. Stealy.

The Children's fund of Michigan was instituted by Senator Couzens at which time he established a fund of ten million dollars for the purpose of promoting the health and happiness of children in his native state. The speaker gave a resume of the establishing of health units in Michigan. \$700,000 is spent annually in the conducting of this work. Public health physicians work to raise the standard of health of the whole community.

Charts exhibited showed how public health work had lowered the percentage ratio of contagious and other diseases wherever this work was being done. Free school programs are being held to learn the defects of children which, when they appear, are referred to the parents. A full time dentist, sanitary officer and four nurses are provided the local district. About 500 children have been cared for in Crawford county with dental service.

The sanitary officer inspects milk, foods and sanitary problems. Mr. John Norton of Detroit has just assumed the duty of sanitary inspector here, taking the position held by Charles Webb.

Much good is being done here by the Children's Fund organization. Health conditions have greatly improved and there is general greater understanding and respect for health regulations.

The speaker for the next Kiwanis meeting will be Mr. Morton Wright, who is in charge of the federal lands division of the government and has offices in our court house.

DON'T SACRIFICE YOUR PROPERTY

It is our sincere belief that persons owning property in Grayling should not offer it for sale at low, sacrifice prices. Grayling is "going places" in the next year and real-estate is going to be able to stand up for good prices.

We do not wish to arouse undue enthusiasm nor want people to think that we are to get a number of factories or industries; nor do we know of any oil gusher, coming in, and there has been no crystal gazing. Information, however, that comes to us from a variety of sources all point to bigger business here. There is no one thing that is going to bring this about but instead a number of minor developments are sure to come. We sincerely believe that there will be a gradual and substantial improvement in the real-estate conditions all over Crawford county.

Put your property in order and have it in condition to earn you real profit for we feel certain that such opportunity is going to come.

DON'T PULL ARBUTUS

The season for arbutus, the sweetest of northern Michigan's wild flowers, will soon be here and hundreds of people will be gathering them. Here is a place where the finest kind of conservation may be practiced. The gathering of these flowers by pulling them up by the roots, as is the common method, only destroys the plants. If this is persisted in it will mean that soon Northern Michigan will soon be robbed of the flowers. The correct method of gathering these flowers is to cut them off with a knife or shears. It takes longer to do this and means more painstaking care but if we hope to preserve the arbutus and to continue to have it indefinitely, it is well worth taking this care. Parents who read this should instruct their children about what care should be taken in gathering arbutus. And CCC camp commanders might pass this information on to the boys in the camps.

Nye's Committee Offers Drastic War-Profit Bill—Australia Decides to Enlarge Its Army—Progress of European Peace Negotiations.

By EDWARD W. PICKARD

© Western Newspaper Union.

Senator Nye

SENATOR GERALD P. NYE'S committee, which has spent seven months investigating the doings of the manufacturers of arms and armaments, reported to the senate its measure designed to take the profits out of war and provide for the conscription of industry in the event of another armed conflict involving the United States. The bill is decidedly drastic, giving to the President in war time powers that are practically dictatorial, permitting him not only to fix prices but also to license all industry and control raw materials. It also has taxation features that will arouse considerable opposition. It would raise individual income taxes to 6 per cent in wartime, levy surtaxes up to 94 per cent on incomes in excess of \$10,000, and seize profits of corporations in excess of 6 per cent return on invested capital.

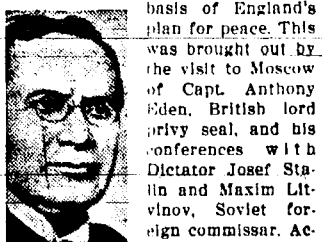

The Nye bill gives the President very broad powers to fix prices of commodities, to license industry, to enjoin profiteering and to prevent the hoarding of goods. It provides for the drafting of industrial leaders, who would be permitted to remain with their companies, subjected to military law and given rank and compensation not exceeding that of a brigadier general.

Meanwhile the house military affairs committee reported the McSwain bill, similar to the senate measure but without the tax features. This lack made the more radical members angry but when they tried to amend the bill they were routed, 258 to 71.

The Nye senate committee, after reporting its bill, continued its inquiry. It heard a rather sensational bit of evidence to the effect that Roger S. McGrath, an insurance company agent who was described as a friend of the President's son James, had sought successfully to obtain two naval building contracts for the Bath Iron Works up in Maine.

FOLLOWING the example set by Hitler, Austria has decided to disregard the limitations on its military strength set by the treaty of St. Germain and to increase its armed forces immediately. The official communique issued by Chancellor Kurt Schuschnigg did not say how big the army would be or whether conscription would be restored. The annual spring parade of the army at the Ringstrasse in Vienna was revived, and the troops appeared in new uniforms.

It is believed Hungary and Bulgaria soon will ask permission to increase their armies and re-introduce conscription.

M. Litvinov

SOVIET Russia is ready to line up with Great Britain, France and Italy in promoting the general European security pact which is the basis of England's plan for peace. This was brought out by the visit to Moscow of Capt. Anthony Eden, British lord privy seal, and his conferences with Dictator Josef Stalin and Maxim Litvinov, Soviet foreign commissar. According to the joint communique given the press, these statements "were of the opinion that in the present international situation it is more than ever necessary to pursue the endeavor to promote the building up of a system of collective security in Europe as contemplated in the Anglo-French communique of the third of February, and in conformity with the principles of the League of Nations."

It was made clear that Germany and Poland would be welcome to enter the arrangement, but that it would go ahead even without them. Captain Eden then went on to Warsaw to talk things over with the Poles; and even as he was departing from Moscow the Soviet press launched another fierce attack on Germany. Michael Tukhachevsky, vice commissar for defense, in an article in the newspaper Pravda, declared Germany would have an army of 840,000 by the summer, exceeding the French army by 40 per cent and almost equaling the Soviet army in size.

He charged Hitler with "lulling France to sleep" with anti-Soviet war talk in the hope France would not realize her own peril. Tukhachevsky's view that Germany contemplates attacking France was supported by an authorized article in the weekly Journal de Moscou which asserted the leaders of the reich realized "the excep-

tional risk to which Germany would subject herself by invasion of the tremendous territories of the U. S. S. R.—a country possessing powerful armaments and unlimited opportunities for improving and increasing these armaments."

"It is almost probable," the Journal said, "that under certain circumstances Hitler will prefer other fields of aggression, and an intensified revision of the map of Europe will be started not in the east but in the west."

PREMIER MUSSOLINI is highly skeptical of the success of efforts to persuade Germany to enter into general peace plans for Europe. In his newspaper, Popolo d'Italia, appeared an editorial, probably written by him, warning his fellow countrymen that no miraculous results may be expected from the conference of foreign ministers in Stresa. He asserted that the western European powers "must stabilize their line of common action against several eventualities which can be foreseen, and they must take definite responsibility."

It then charged that the French and British are impeding Mussolini's wish to take action against Hitler because of their preoccupation about their own internal policy.

Premier Laval and Foreign Minister Laval of France were reported to have devised a vast, new, flexible plan to organize the peace of the continent within the framework of the League of Nations.

FROM Tokyo there came a statement indicating that Japan would give at least moral support to the European powers that are seeking agreements to counteract Hitler's move for the re-armament of Germany. It was given out by Eli Amari, the frequent man quoted spokes man for the foreign office. He said Japan will hold aloof from the European crisis and that there would be no far eastern Locarno pact, but that "we cannot think of any alliance with Germany." Tokyo, asserted Amari, is ready to discuss with Russia some degree of demilitarization of the eastern frontiers.

Eli Amari

POLAND appears to have decided to play a lone hand in the European embroglio, though she remains friendly to Germany. It is reported that Captain Eden's visit to Warsaw was as disappointing as was that of Sir John Simon to Berlin. The Polish government is determined to sign no pact that would commit the nation to fight for Russia against Germany or for Germany against Russia and France, neither will it permit either German or Russian troops to be transported across Poland. The Polish statesmen say they will sign a series of bilateral pacts, and will go as far as any other nation in parallel disarmament. They assert that they have no alliance with Germany, though their mutual troubles have been settled for the next ten years, and that the alliance with France still holds good.

FOREIGN nations that discriminate against American imports have been warned by President Roosevelt that they must discontinue that practice under penalty of economic reprisals by the United States. In a letter to Secretary of the Treasury Morgenthau the President outlined his foreign trade policy and disclosed the fact that the administration is considering denouncing existing trade pacts with Germany, Italy, Portugal and Denmark because of discrimination. He proclaimed the new Belgian-American reciprocal trade agreement, and also decreed that, pending the conclusion of negotiations for new pacts now in progress, the reduced duties and other concessions granted Belgium will be extended to Canada, Spain, The Netherlands, Switzerland and Liechtenstein for six months.

THROUGH the efforts of Donald Richberg, chairman of the NIRE, an agreement was reached by the bituminous coal operators and the United Mine Workers, whereby the prevailing coal code is extended to June 16 and a threatened strike of about half a million miners averted. The present wages and hours of work are continued. President Lewis of the miners insisted the union had not yielded to the operators, but the fact remained that if it had not been for the agreement Mr. Richberg could and would have extended the code by executive order.

SCHOOL AFFAIRS

Oyez! Oyez! Be it known that the Eighth and Ninth Grade Home Economic classes are sponsoring an exhibit of garments which they have been making in the Home Economics classes are sponsoring past. For those of you interested in viewing the pajamas, slips, and three-piece sport suits which have been made, the classes have arranged the garments in the windows of the Grayling Hardware Co. where you may see them from April 11 to 15. It is our sincere wish that you see the exhibit and express your views of it to the members of the eighth and ninth grade classes.

The manufacture of spring dresses is now under way and some time in the near future, there will be an exhibition of these in the downtown store windows, that is, if Miss Cole can get the dresses away from the girls long enough to stage an exhibition.

The G. Club has officially been organized under Mr. Cornell's supervision. Following are the officers:

President—Bud Sorenson.
Vice President—Clyde Borchers.
Sec.-Treas.—Don Gothro.
Adviser—Mr. Cornell.

The club hopes to sponsor assembly programs and to create athletics for the whole school, including girls' teams.

Recently they held a boys class tournament and purchased a basketball trophy which the Junior class won. The trophy which is about 7 inches high, is a very nice one and will soon be placed in the trophy case.

The Biology Club which was organized earlier this year and which consists of students interested in Biology, has now entered the field of athletics.

Last week this Club sponsored a girls' basketball tournament with the 12-7 grades participating. The games were interesting and drew a large crowd of spectators, especially during the final games when the Freshmen took the Juniors by a score of 19 to 12. In the beginning it looked as though the Juniors would win but the Freshmen forged ahead. The game in which the 7th and 8th grades played for third place was exciting too. As the final whistle blew the score stood 14 to 14 but the 8th grade sank a foul shot, making them the winners.

High point girls were as follows: For the 9th grade, Eleanor Earle and Jerrine Peterson, who scored 30 and 29 total points respectively. Celeste Neal, a Junior, followed close behind with 22 points.

The Club, which is under Mr. Bond's leadership, is going to use the proceeds to buy monograms for the winning teams.

DEBATE on the Copeland-Tugwell food, drug, cosmetic and advertising bill was lively in the senate, and the opposition was led by a Democrat, Josiah W. Bailey of North Carolina, who urged the retention of the present food and drug law with such amendments as changed conditions require.

"I understand the Department of Agriculture was created to foster agriculture and not to govern advertising," Senator Bailey said. "It is inconceivable to me that it should take charge of medicine, cosmetics, and advertising. There might be an argument that the department has made such great triumphs in agriculture that it is seeking new worlds to conquer. But I believe that if some one should make that boast, I should agree that it had exceeded Samson in the slaughter of pigs, but had fallen far short of doing as good work in the matter of cotton as has the boll weevil."

SCORES of agents of the Department of Justice's division of investigation were carrying on a concentrated search for three men now listed as the worst "public enemies" at large, according to Chief J. Edgar Hoover. The three are: Alvin Karpis, twenty-five, a leader in the notorious Barker-Karpis kidnap and bank robbery gang; Raymond Hamilton, twenty-two, killer who broke jail while awaiting execution; and Thomas H. Robinson, Jr., twenty-eight, kidnaper of Mrs. Alice Speed Stoll, wealthy young society matron of Louisville, Ky.

ONE of America's leading sculptors, Augustus Lukeman, died in New York at the age of sixty-four years. After Borglum was ousted by the Confederate memorial committee in 1925, Lukeman took over the work of carving the huge memorial on the face of Stone Mountain in Georgia, completing it in 1928. He was chief of sculptors at the World's fair in Chicago.

ECONOMY IN THE PRICES, TOO!

\$585

and up for Terraplanes... Hudson Six \$695 and up... Hudson Eight \$760 and up. All prices f. o. b. Detroit for closed models.

29 miles to the gallon of gas—in a full-sized, 88-horsepower sedan! That's the average mileage, shown by scores of reports from leading cities, of stock Terraplanes in nation-wide economy tests held just last month. And some of these cars went over 25 miles per gallon!

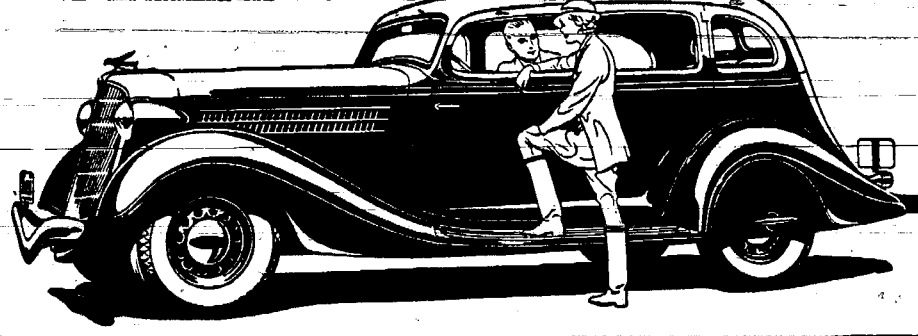

In everyday driving, of course, you don't expect the kind of gas mileage you can get under test conditions—but even in city traffic Terraplane is also the outstanding economy car. Thousands of sworn statements from actual owners prove it.

Ruggedness Saves in Upkeep, Too!

But these affidavits also show an even more important saving from Terraplane ruggedness. Hudson's way of building automobiles—with America's only bodies all of steel, the greater ruggedness of Terraplane chassis and higher quality of materials throughout—means longer life and lower upkeep cost.

What other car can pile proof of economy on more proof, as Terraplane does for you? Drive a Terraplane, soon. Compare other lowest price cars with it. Then decide.

THROUGH A Woman's Eyes

By JEAN NEWTON

MORE EMPHASIS ON FACE

BECAUSE he shared responsibility for the emperor's party taking a wrong turn in their trip through a city which received a royal visit, a police inspector in Japan attempted to commit suicide.

Death was preferable to the disgrace that would descend upon the unfortunate blunderer and his family and all his relatives. For by his mistake this man had "lost face." And in Japan to lose face is a far worse thing than to lose material possessions.

In China, too, it is a not uncommon occurrence for people to take their own lives for reasons of far less importance than causing the car of the emperor to take a wrong turn. However, they are mistakes which cause the person to lose face—that is the important thing. To lose face is to lose dignity and the respect of others. And what then, say these sons of an ancient culture, is there left?

"A good bank account," would be the rejoinder of some American politicians—and everything that will buy, which includes about all one wants.

It seems to me that the onus there is not alone on the man or woman who exemplifies that philosophy—as for instance a well-known New York mayor who with honor and reputation besmirched still his a very good time on the surviving bank account—that the onus is on the viewpoint of the vast numbers of people who make possible that good time. For no one can enjoy life who is ostracized by his fellows. And in China and Japan a man or woman who had lost reputation, honor, dignity, would be ostracized, regardless of how much of the world's goods remained with them.

The western slogan that "money is power," and the penchant for winking an eye where an offender has that power, is important not only in such matters as discredited officials and the alms-giving rich. It is significant all the way down the line to the daily actions of average people. There is that emphasis on getting what one wants, without too much thought on how one gets it. In social as well as business matters, women are guilty of little tricks to attain their ends, so they undoubtedly "lose face," but they seem indifferent to this as long as their end is attained.

I am not promoting the idea of suicide for lost dignity. But I believe our standards of life would be very much improved by placing more value on what in the East is called "face" and less on getting the things we want.

Blessed Be My Typewriter

"I marvel at the hundreds of thousands of words that Shakespeare wrote with a quill pen. I am amazed at the patience and courage of those who painstakingly translated the Bible, and wrote it all out in longhand.

"It is almost impossible for me to write copy with a pencil. The thoughts just refuse to come. I started to write as a cub reporter seventeen years ago and pounded out my stuff by the "hunt and peck system" on an old battered Fox typewriter. The last ten years I have used a portable Royal which has been with me on boats, trains, and even up in airplanes. It is almost a part of me. With a typewriter one can think fast and work fast and get it done."—Selected.

"How do you like Mr. Moggs, dear?"

"I hardly know. He's so pleased with himself that he doesn't seem to notice my good points at all."

MAYBE SO

Teacher—Why are you late for school?

Pupil—Please, teacher, I must have overwashed myself.

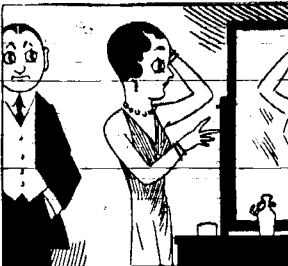

LIKE THE REST

"What did Jim think of the football game?"

"Oh, he doesn't go there to think. He just hollers."

SOCIAL CIRCLES

"We are going to entertain company tonight."

"Some people you like, I presume?"

"Mercy, no! We would lose our social standing if we entertained people we like."

OFF THE TRAIL

He (departing)—Why did you let me make love to you if it was hopeless?

She—I didn't know it was hopeless until I saw your method of love making.

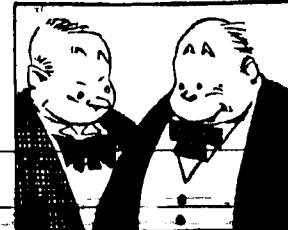

JUST OUT

"Smith is down and out."

"Oh, yes. He told me the other day he was paying cash for everything."

Meaning of Schwarzwald

Schwarzwald is German for Black Forest; a mountainous region in southwestern Germany and a favorite resort for tourists. It embraces an area of some 1,800 square miles and is about 100 miles long and from 10 to 20 wide. It belies its title and is not all wooded but it does derive its name from the dark hue of the firs that grow in the region.—Pathfinder Magazine.

"I Saw It in the News Review"

is a common expression among those who keep well informed on current events. They know that in the "Weekly News Review," which appears regularly in this paper, they obtain a comprehensive interpretation of world events written by Edward W. Pickard, one of the nation's most widely known news commentators.

Weekly News Review

deals with the important happenings and their effect upon our country. It is more than news—it is an interpretation of the news, and therefore much more valuable to the person who wants to understand what is going on in the world today.

Read it carefully from week to week. You will find it interesting and helpful in your discussion of world events with your neighbors and friends.

Among the civil service examinations listed for federal jobs is one for "conservationist," (forestry), various grades, \$2,600 to \$5,600 a year. Full information may be obtained from Farnum Matson, secretary of the U. S. Civil Service-board of examiners, at Grayling post office.

Grayling Post 106 members were invited to be guests of the Roscommon Post Tuesday night, and those who are members of the drum and bugle corps took along their instruments and brought out a big crowd on the streets there with their playing. Guess from what we hear they made quite a hit.

**LEONARDS
Are Always Good**

With early season sales establishing a new high for the company's fiscal period to date, the Leonard Refrigerator Company is apparently well on its way toward another record year, according to Thorwald Sorenson, of Sorensons Furniture store, local Leonard dealers.

"Ever since the introduction of the 1935 line of Leonard household models there has been a noticeable increase in public interest in these products," Mr. Sorenson said. "More people than ever before at this time of year have been visiting our showroom to see the display of the 1935 Leonard cabinets and from the figures received from the factory, this same condition is existing all over the country."

Twelve new Leonards make up the company's line for 1935. Arranged in three groups, these refrigerators incorporate virtually every important electric refrigeration feature which company engineers have perfected. The famous Len-A-Dor foot pedal door opener remains as one of the most popular features ever introduced in the entire industry. Other important advancements which contribute to the superiority of the new Leonard cabinets, according to Mr. Sorenson, include a sliding shelf, service tray, vegetable crisper, special convenience basket, ice tray lifter, refrigerated shelf, cold chest, improved hardware and interior lights. The famous "Chillometer," for the instant regulation of freezing speeds and refrigerator performance, already proved to be one of the most efficient and convenient of all control panels, has been improved and is an integral part of the new Leonards, it was said.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, April 4, 1912

Elliot Martin, who moved here last fall with his parents, had formed many friendships in Grayling, and his death last Tuesday morning, has cast a gloom over many of our young people.

Mrs. Iva Dildine of Lansing, came Saturday to care for her mother, Mrs. J. K. Bates.

Father Riess left for Grand Rapids to attend Holy week services at St. Andrew's Cathedral.

Lowell Fox lost a very fine heifer last Saturday, killed by a M. C. R. engine on Lewiston branch.

Mrs. Addie Patterson, who has been the guest of Mrs. Oscar Palmer for several weeks, returned to her home in Pittsford, Michigan today.

Roscommon All City basketball team came up Saturday with intentions of taking the scalps of the local High School players. Grayling had the game safely tucked away in the "Won Column" before the first half was over with. Score at the end of game was 29 to 8 in favor of Grayling. It was a fairly clean game throughout. Hum and Bradley, the guards, played their last game for the local High school, both finishing in June.

A. B. Failing and J. J. Collen represented the local Masonic lodge at the dedication of the new Masonic home at Alma, last week Friday.

Miss Myra Pond is a patient in Mercy Hospital.

Mrs. L. Chamberlain and daughter, Miss Marguerite, are spending a few days in Detroit.

Mrs. Hattie Sherman of Maple Forest spent Monday and Tuesday with Mrs. Geo. Smith and other friends in town.

A. M. Lewis was in East Jordan on business first of the week. He owns a half interest in the leading drug store there.

Little Miss Pauline Fehr left Monday for Lansing, to visit her cousin.

Miss Louise Peterson returned this week from a two weeks visit with Miss Ruth Barlow in Chicago, where they had a most enjoyable visit.

Last Thursday the Rebekahs gave a farewell reception for Mrs. Crandall, in their lodge rooms, as she is about to move to the southern part of the state.

R. W. Brink purchased two horses last week for use on his delivery wagon, from E. C. Kendrick, of Nebraska. Mr. Kendrick shipped two carloads of horses from his home to Mesick, Michigan where they were distributed to buyers from different parts of the state. "Rol" says that he can deliver groceries in a hurry now.

It was a happy homecoming last Tuesday afternoon for Dr. and Mrs. Insley. A crowd of several hundred people was at the afternoon train to meet them, and everybody felt happy to have the Doctor back safe in Grayling.

N. P. Olson has received a new car to be added to his auto livery. It is a fine five passenger.

Last Saturday, March 30th, witnessed the passing of one of Crawford county's well-known and highly respected citizens in the death of Wm. C. Johnson, of Pere Cheney.

A break-out at the electric light

dam yesterday has left the city in darkness. It will probably be several weeks before repairs can be completed.

Editor Ray Matheson of the Roscommon Herald-News was in the city Saturday, looking after the Roscommon basketball team and calling on friends.

Edward Owens, aged 62, one of Grayling's oldest citizens, died at the home of his daughter, Mrs. Minnie Nelson, on the South Side, last Saturday.

N. Michelson returned Tuesday from Detroit where he has been spending the past two weeks at the home of his daughter, Mrs. E. J. Hartwick.

Mrs. G. Marshall and daughter, Mrs. B. Marshall of Maple Forest, were in town Friday and Saturday, guests of Mrs. D. P. Oaks and Laurel London.

Mrs. Geo. Langevin and daughter, Miss Elizabeth, left Monday for Bay City.

J. J. Collen accompanied Mr. Woodfield to Grand Rapids, Saturday, and returned Monday morning by way of Detroit. His son Ralph, of Detroit, returned with him.

WEEK AT LANSING

(Continued from first page) allowed the lawyers to organize themselves and exercise certain police powers to the end that the unethical practitioner might be eliminated or controlled.

With the passage of the bill amending the sales tax law to exempt some dozen or so staple items of food, the question of constitutionality of such action has been raised. The attorney general submitted an opinion that dis-criminative action of the kind would invalidate the entire sales tax law but the House gave its approval despite the adverse potentialities involved.

It is estimated that the bill if finally enacted will reduce the state's income by at least five million and many place the loss as high as ten million.

In addition to such items of food as flour, meat, milk, butter, lard, sugar, etc., being placed on the exempt list, the bill also offers exemptions to farmers on purchases of seed, machinery, packing cases, containers and all items put into, or on, a product later sold at retail.

The state property tax is now definitely off the books. The governor has affixed his signature to the measures repealing the mill taxes which went for the support of the University of Michigan and Michigan State college. Beginning July 1 these institutions will be financed by direct appropriations, bills for which were introduced during the past few days.

All budget bills are now ready to be dropped into the hopper, a sign that the wind-up of the session cannot be far away. Appropriations for institutional maintenance are contained in six bills already introduced and there yet remain only those providing for the operation of the various departments, boards and commissions.

The total cost of the nine state hospitals and the state hospital commission is set at \$4,490,130 a year by one of the measures. The present appropriation for eight of the institutions is \$3,800,000 a year. A large part of this increase is due to two new items not heretofore included; \$178,480 for the Mt. Pleasant branch of the Michigan Home and Training school and an item of \$13,050 for the hospital commission.

Until last July the Mt. Pleasant school was financed by the federal government but at that time was taken over by the state when the federal government intended closing it. This is the first time since then that an item for the institution's support has been placed in the regular budget.

In the past also no appropriation has been made for the hospital commission.

Operation cost of the four state normal schools is set at \$1,417,335 a year in other bills of the group already in committee. This is approximately \$10,000 less than the current figure.

Still insisting that the state administrative board should be abolished, Gov. Fitzgerald has vetoed the measure which would have placed the lieutenant governor on the board at an annual additional salary of \$2,500. Whether or not an attempt will be made to pass the bill over his veto remains to be seen when the solons resume work after the week-end recess.

The 58th legislature is living up to the reputation of its predecessors in the number of bills introduced. While this session may not establish an all-time record, the blue-covered sheaves of paper continue to make their appearance in varying quantities from day to day. The stream will keep right on flowing up until the deadline for introduction of new bills whenever it is agreed upon. To date well over 900 have been thrown into the maw of the legislative machine. They propose to accomplish most everything from creating an open season on house cats to the regulation of the mattress and bedding industry.

Camp News

Camp Higgins

Lieut. M. C. Igloe, who has been district surgeon here practically from the time the Fourth Forestry District was organized, left Saturday for Baltimore, Md., to take a short course at the medical school at Johns Hopkins University. He was accompanied by Mrs. Igloe. Upon completion of his studies at the university he will do medical work for the federal government. Lieut. George M. Katzman, who has been medical officer at Camp Pioneer, has been made district surgeon with headquarters at Camp Higgins Lake.

The second anniversary of the CCC was observed at this camp last Friday night by a chicken dinner followed by speeches from the officers and others called upon by the master of ceremonies, Capt. E. W. Todd. Special music was arranged for the occasion through the courtesy of Howard and Marie Schmidt of Grayling.

Capt. E. W. Todd has been promoted to district chaplain with the reorganization of the CCC. It is probable he will make headquarters at Camp Custer and perhaps the camps in this vicinity will be served by another chaplain. Capt. Todd is taking a leave of absence for part of this week to visit his home in Chicago. Mrs. Todd and the baby expect to return to Michigan as soon as the chaplain knows where he is to be located.

Capt. Nevins Young, new sub-district commander, arrived here from Port Sheridan the first of the week. Capt. McCullough will go to Camp Custer to assume his duties as executive officer at the

district headquarters station as soon as he completes his recruiting duties.

With the continuance of the CCC assured by Congress passing the work relief bill the first of the rookies to fill vacancies for the fifth enrollment period are expected shortly. A group is expected here from Kalamazoo county. Another contingent of new enrollees will likely be received soon after the first arrive.

It costs about 49 cents a day to provide meals for one man at this camp. Buying, of course, is done in large quantities and is tax exempt.

In his monthly inspection report Capt. McCullough rated only one camp in his territory as outstanding in morale, which was Company 672. He has urged the boys to be more careful of their personal appearance.

A meeting of chaplains of the lower peninsula of Michigan was held at this camp Monday afternoon.

Parisians Take Their Tea in a Stable

A NOVEL tea shop has been set up in a stable on a farm situated near the Bois de Boulogne in Paris that is proving quite popular with the Parisians. A large pane of glass in an stall separates the tea drinkers, who seem to prefer the fresh milk to the tea, from the stables and if they wish they may try their hand at milking the cows.
